

SLOPESIDE *fireside*

Introducing a sparkling new way to raise awareness and funds for a good cause and listen to live music with your friends.

By opening your home, you will host a unique evening that blends the intimacy of a gathering of friends with wine, delicious food, and a private concert by the band, **Slopeside**.

Relax, smile and join the song...

MUSIC FOR A CAUSE

Everybody wants to support causes that make a difference in people's lives. Slopeside is building on that desire to create an evening of song, friends and food. You pick the cause. You pick the guests. You set the menu. We bring the music.

How to participate:

1. Set date with the band.
2. Select charity.
3. Invite friends.

Slopeside will work with you to follow up with an official welcome and invitation to your guests. Leading up to the event, we will share links to recordings, encourage everyone to share musical memories, and generally create excitement around the night.
